

This is a lovely email we received from one of our uniform suppliers - Koolskools

Hi Juliette,

I know that it's a long time gone, but believe it or not I have been on the road visiting schools more or less since I left you on the morning of 23 September!

Anyway, I just wanted to say how bowled over I was by such a warm and friendly welcome at West Horndon. It was so lovely to have had such an experience on my very first school visit/Fairtrade Assembly since the first lockdown way back in March 2020. As in normal times I do so many school visits and so much Fairtrade education with students all over the country I don't really think about getting nervous whilst standing up in front of them. This time it was a bit different because of the long break, so all the better that I could get back on the horse in front of such a terrific bunch of students and teachers.

Needless to say it was great to put a face to your voice at last and meet you properly, and thanks for helping to smooth my passage on the day 🙌😊.

Very best wishes,

Andy
